

OBJECTIVE

Keen to apply technical skills and contribute to practical projects, I am committed to continuous learning, efficient problem-solving, and being a valuable member of a professional team. I strive to make meaningful contributions through my dedication to ongoing skill development and collaborative teamwork.

EDUCATION

Reva University

B.tech in Electronics and Communication Engg
2020 - 2024
CGPA - 8.54

Global PU College

12th (PCMC)
2018 - 2020
Percentage - 84.5

Global Residential School

10th
2008 - 2018
Percentage - 84.5

SKILLS

Programming languages:

- C, C++
- Python
- R Programming

Databases:

- Mysql

Data Analysis

Software: MS Office

Front end Development

CERTIFICATIONS

- Programming for everybody (Python) - University of Michigan
- Programming Fundamentals - Duke University
- AI and ML with Applications - Aqmenz automation private limited.
- Introduction to IOT and Embedded system - University of California
- Data Analysis with Python - FreeCodeCamp

PROJECTS

Sea Level Prediction using Data Analysis

- Employed data analysis techniques to predict sea levels based on historical data.
- Conducted thorough data cleaning, processing, and utilized statistical models to generate accurate predictions.

Voice-controlled smart home for disabled people

- Developed a smart home system for disabled individuals, enhancing accessibility and independence by seamlessly controlling various home devices and functions through voice commands.

Vehicle Tracking System Based on GPS and GSM

- Developed a real-time tracking system for monitoring and security, providing efficient tracking and insights.

Portfolio Website

- Designed a website using HTML and CSS to showcase academic profiles.

ACHIEVEMENTS

Code2Execute

- Attained the highest position in the challenge organized by e2ehiring, showcasing exceptional problem-solving skills and delivering a high-quality solution within a tight deadline.

Learn to Earn

- Successfully completed the challenge organized by Google and Qwiklabs, showcasing competence and proficiency in the specified tasks.

VOLUNTEER EXPERIENCE

HAM CLUB (Reva University) - President

Revothsava (2023) - Student Ambassador

Coder's Club - Member
